Wishing Tree	TBD	Many

****This naming will list multiple donors.**

The dollar value assigned to named project components do not necessarily correlate to the cost of the component. Nor does it reflect actual construction or implementation costs. The list presented above should neither be presented or perceived as all-inclusive. Though the donation amounts listed as naming opportunities for specific components are non-negotiable, if requested SCC will work with donors to create additional, customized naming opportunities that match both the donor's interest and SCC's mission. Name plaques for residential rooms will be displayed at a central location in the building, and not over or near the individual residential room doors.

The number of named gift opportunities is limited. Named gifts will be reserved as confirmed gifts and signed pledges are received by SCC, therefore some naming opportunities may not be available as listed. All named gifts are subject to approval by the capital campaign committee as authorized by Safe Children Coalition. All gifts, whether named or not, will be gratefully recognized and acknowledged. Any funds raised above the total amount needed to complete the campaign will be put into SCC's endowment in support of facilities maintenance and operating funds.

To discuss naming opportunities, please contact: Jacqueline House, MBA CFRE, Vice President, Communications and Community Engagement at 941-371-4799 ext. 1127 or jhouse@sccfl.org
